Location: Newington Headquarters
Job Posting No.: 106026
Hours: 40 hours per week
Closing Date: **December 23, 2013 - 4:00 p.m.**

There is a Transportation Engineer 3 (Engineering) position opportunity currently available in the Office of Engineering, Division of Bridges and Facilities, in the Bridge Safety & Evaluation (BS&E) unit at the Newington Headquarters. Statewide assignments may also be possible with future Transportation Engineer 3 (E) vacancies in BS&E that may occur within the next twelve (12) months. This position is in the P-4 (Engineering and Scientific) bargaining unit.

Position Description: Responsibilities include, but are not limited to, acting as project engineer with lead responsibility for developing engineering plans, specifications, and estimates for structural projects designed with in-house staff, consultants and/or municipalities; technical review and analysis of bridges and other structures for condition and safety; providing solutions for bridge-related maintenance problems; supervising the work of crews engaged in bridge inspection; overseeing maintenance of bridge inventories and inspection records; working with bridge databases; preparing reports and correspondence; making oral presentations at public meetings; other related duties as required.

Preferred Knowledge, Skills and Abilities: Considerable knowledge of principles and practices of civil engineering; considerable interpersonal skills and oral and written communication skills; ability to work with other Department units, consultants, towns, state and federal agencies; knowledge of highway and bridge construction methods and materials; ability to analyze bridge and structural design problems and recommend effective solutions.

The successful candidate must be available to respond to bridge emergencies outside of normal working hours, when necessary.

Eligibility: Candidates must have passed the Transportation Engineer 3 (Engineering) exam and be on a current certification list promulgated by the Department of Administrative Services*. Employees who currently hold this title or those who have previously attained permanent status in this title since their most recent hire date, may apply for lateral transfer.

***Applicants who have applied to DAS for the Transportation Engineer 3 (Engineering) exam by the November 15, 2013 deadline, may also apply for this job posting. Such applicants will be eligible for interview, but will not be eligible for appointment unless they receive a passing score on the exam on the December 27, 2013 exam grading date.**

Application Instructions: Submit a cover letter which states your interest and suitability for this position, resume, application (State of Connecticut Application for Examination of Employment Form CT-HR-12) and copies of last two service ratings (State employees only) to:
